

CAPT SOUMITRO ROY

HEAD OF MIDDLE EAST OPERATIONS

ABOUT SOUMITRO

Capt Soumitro Roy is a highly experienced professional with over four and a half decades of diverse expertise in the maritime industry. With a comprehensive background that spans various roles and responsibilities, he possesses invaluable insights into maritime operations.

EXPERIENCE

Having served onboard from cadet to Captain on tankers, general cargo vessels, container carriers, and luxury liners, Soumitro has gained a rare understanding of the industry. After two decades of active sailing, he transitioned to vessel management ashore, where he held leadership positions in vessel operations, fleet personnel, and HSE divisions of major shipping lines. He is wellversed in management systems and has served as a DPA, MR, CSO, PFSO for an extended period.

ACHIEVEMENTS

In 2021, Soumitro joined forces with Capt Uday Yellapurkar to establish EEC's operations in the Middle East. Leveraging his vast experience and extensive network, he played a pivotal role in positioning EEC as a prominent player in responsible green ship recycling through its unique strategically aligned supply chain management business model. Soumitro's all-round maritime expertise makes him a valuable asset in any maritime business venture.

SKILLS

Teaching remains a passion for Soumitro, and he engages in this activity whenever his busy schedule permits. Additionally, he has served as a Port Captain and General Manager at one of Asia's largest tanker terminals, showcasing his expertise in port operations. He is also an accomplished VLCC pilot.
